

## Freedom of Information Act (FOI): Model Publication Scheme

This document complies with the requirements of the Information Commissioner's Model Publication Scheme for Myeyes Opticians in accordance with the Freedom of Information Act 2000 and fulfils the obligations on opticians' practices under the Act.

### Introduction

This is a complete guide to the information routinely made available to the public by Myeyes Opticians. It is a description of the information about our NHS services that we make publicly available. It will be reviewed at regular intervals.

### How this information is made available?

The information within each Class is available in hard copy from:

Myeyes Opticians, 68 Exmouth Market, London. EC1R 4QP

### This guide information

We will publish any changes we make to this guide or relevant information. We will also publish any proposed changes or additions to publications already available.

### Cost of Information

For the most part, we will only charge for hard copies, or copies onto media. Charges are as follows and will be reviewed regularly.

- Single hard copies – free of charge
- As the Freedom of Information Act applies to the provision of information, a request for multiple hard copies does not fall within the provisions of the Act and will attract a charge for retrieval, photocopying and postage. We will inform you of the cost of these charges that will have to be paid in advance.
- E-mail will be free of charge.

### Your Rights to Information

- The Freedom of Information Act 2000 is designed to promote openness and accountability amongst all organisations that receive public money.
- Like all NHS contractors, since 1 January 2005 there has been a FOI obligation on optical practices to respond to requests about the NHS related information that they hold, and a right of access to that information has been established in law.
- These rights are subject to exemptions (see below) that have to be taken into consideration before releasing information.
- In addition to accessing the information identified in this guide, you are entitled to request information about our NHS services under the NHS Openness Code 1995.

- Under the Data Protection Act 1998, you are also entitled to access your clinical records or any other personal information held about you and you can contact any practice where your records are held to do this.

### Feedback

If you have any comments about the operation of the Publication Scheme, or how we have dealt with your request for information from the scheme, please write to:

Myeyes Opticians, 68 Exmouth Market, London. EC1R 4QP

### Classes of Information

All NHS information at Myeyes Opticians is held, retained and destroyed within NHS guidelines. Our commitment to publish information excludes any information that can be legitimately withheld under the exemptions set out in the NHS Openness Code or Freedom of Information Act 2000, the main reasons being the protection of commercial interests and personal information under the Data Protection Act 1998. This scheme has been written in accordance with those exemptions. The information on this Scheme is grouped into the following categories:

#### 1) Who we are and what we do

- Myeyes Opticians are an independent community based optometric practice established in 2001
- There is one practice as listed above and can be contacted by phone on 02072788480
- Details of the opticians and optometrists employed in our practices (stores) can be obtained by contacting that practice directly.
- Alternatively, details of all opticians and optometrists registered in the UK are available from the General Optical Council Tel: 0207 580 3898. Details of the register are available online.
- Company Registration number 04254730

#### 2) Financial and funding information: what we spend and how we spend it

For every sight test performed on behalf of the NHS the practice receives a set fee, which is fixed nationally. *This practice also carries out the following enhanced services on behalf of the NHS: see services section 7*. The fees paid by the NHS for each service are available from the practice on request. They include a contribution towards optometrists' and staff salaries, equipment costs and other practice overheads. Information in this class will be published only where it is unlikely adversely to affect the commercial position of the firm or practice

#### 3) Our Priorities

To provide our patients with high quality eye care

#### 4) Decision Making

Any decisions made about the provision of NHS-funded services will be reflected in the services we provide and in the contract(s) held with the NHS England and Islington CCG.

#### 5) Our policies and procedures

- Complaints
- Data protection
- Health and safety

They are available on request from Myeyes Opticians, 68 Exmouth Market, London EC1R 4QP.

### **Complaints**
